Description :

Prsentation de l'diteurGetting Rid of Cellulite in 10-Days debunks the myths that diet and exercise will rid you of this unsightly condition, cellulite crmes and cellulite lotion works when both do not and cellulite massage is an effective treatment protocol when it is not. In fact, it takes only one easy step to see quick results and you will be totally amazed at the science behind the cause and cure of cellulite. Written by one of the nations leading behavioral scientists who specializes in female problems, Dr. Leland Benton was almost coerced by his female patients into finding the true facts behind this condition as well as other female

conditions that are shrouded in myths such as Candida Albicans, high cholesterol, supplements and more. Every woman on the planet is anti cellulite so Dr. Benton wrote this book to reveal the truth as to the best treatment for cellulite. He debunks all of these myths plus much more. You may think that all of these problems are related to diet and exercise, special conditions, skin care products, creams, lotions or what have you. They are all untruths! If you are a woman then you need to read this book and learn the truth then put the protocols to work and get the look and feel you deserve. Cellulite is an important female topic and just as important as stretch mark removal. Get your copy of this book today!
