Description :

Prsentation de l'diteur(Limelight). "This is a riotous story which is reasonably mad and as accurate as a Marx brother can make it. Despite only a year and a half of schooling, Harpo, or perhaps his collaborator, is the best writer of the Marx Brother. Highly recommended." Library Journal . "A funny, affectionate and unpretentious autobiography done with a sharply professional assist from Rowland Barber." New York Times Book .comTo Marx Brothers fans who have yet to read this book: Put it off as long as you can, because once you are finished, you will wish you could read it again for the first time. Harpo's life was interesting in itself, but it also frequently intersected with the lives of other fascinating people, most notably his own brothers and drama critic Alexander Woolcott. Marx also was part of the legendary Algonquin Round Table; he's got plenty to say about that. Wait'll you hear about what it means to "throw a Gookie."

You'll never be able to watch a Marx Brothers movie again without looking for the Gookie!Revue de presse'
