Welcome to Lagrimas, a small south-of-the-border town where young men who consider themselves "loverboys" constantly hit on the ladies, but get shot down most of the time--until one begins an affair with the woman who used to be his seventh grade teacher! As their torrid romance unfolds, three young girls plot to poison the town's populace, just so they won't have to listen to their parents or teachers anymore. It's a passionate--and sometimes comical--tale, as only the celebrated cocreator of Love and Rockets can deliver!Revue de pressequotOnce again, Hernandez leaves us with a book that's far bigger than the sum of its parts; a book that might leave you with questions about its own resolution and intentions, the answers to which will haunt your thoughts in the days and weeks to come." --GrovelPrsentation de l'diteurAn all-new graphic novel from Pen Center USA Award winner, Gilbert Hernandez!
